| Commenter Type: | Neighbour |
| Stance: | Customer objects to the Planning Application |
| Reasons for comment: | - Privacy Light and Noise |
| Comments: | I am opposing planning for the extension at 1 Marringdean Road as this will significantly impact natural daylight and skylight into our lower ground floor bathroom which currently adjoins the applicants current kitchen.<br><br>Any structure that will be extending out and above than what is already there will cause overshadowing and complete loss of light.<br><br>With a pitched roof structure to the right of the property even though there will be a flat roof initially to the side of our property this will also cast overshadowing and block out natural daylight and skylight which will impact our right to light our back garden also.<br><br>The extension will also significantly impact other neighbours to the opposite side of 1 marringdean road which will also cause significant loss of light. |

I believe all planning permission should be halted until the matter is looked into further.

I will be making another comment by the end of the day.
