FAO Jacques Burrowes, Head of Development

Dear Mr. Burrowes

We write in response to your notification to us of 12th July 2024 concerning the above planning application submitted by Mrs. K. Downie, for which we thank you.

As direct next-door neighbours of Wood Cottage here at Oak Lodge, we wish to confirm that the construction of the single storey side and rear extension applied for would have no negative impact whatsoever between these two properties.

This statement is made through our experience of having lived in Oak Lodge for the last 43 years.

Indeed we would go so far as to support Mrs. Downie's application.
If approved, this development would undoubtedly enhance the internal living space within Wood Cottage for Mrs. Downie, Mr. Downie and their young family.

Yours sincerely
