HORSHAM DISTRICT COUNCIL CONSULTATION

TO:	Horsham District Council – Planning Dept
LOCATION:	Horsecroft, Greyfriars Lane, Storrington
DESCRIPTION:	Installation of EV point to northern elevation of former garage building
REFERENCE:	DC/24/1098
RECOMMENDATION:	~~Advice /~~ No Objection ~~/ Objection / More Information / Modification / Refusal~~
SUMMARY OF COMMENTS & RECOMMENDATION: See below	
MAIN COMMENTS: Horsecroft is situated within the Storrington Conservation Area to the south of St Marys Church. Horsecroft is listed grade 2 and would have been on the edge of the original settlement of Storrington. The proposed EV point would be located on the northern elevation of an existing outbuilding. The EV point due to its unobtrusive design would be viewed in the context of the outbuilding and would not cause harm to the overall setting of the listed building, or the character of the conservation area. A preference would be for an untethered unit as this would not require the storage of the cable on the wall.
