Dear Sirs,
We have received your letter dated 10th April 2025, with details of a planning application for a single storey extension with roof terrace, at 54 Parsonage Road Horsham, West Sussex RH12 4AN.
We do not object to the single storey extension , in principle, but do object to the roof to terrace. The terrace, in effect, would form a viewing platform overlooking our rear garden & onto the patio where we normally sit. This is an intrusion into our privacy, and would devalue our property.
This property now has the recent addition of two unsightly garden sheds, in the front garden. These are in front of the building line. Is this acceptable?
Although not part of this application, but still affecting the same properties, we would appreciate your feedback.
Yours faithfully,
[redacted]
