Subject: Planning Application Consultation - DC/24/0629

Categories: Consultations

Good morning Kate,

Planning reference: DC/24/0629

Thank you for consulting me on the above planning application. A retrospective application is not considered relevant to the District Licence as any impacts that would result from the development have already occurred. In this case, there would have been some concern due to the close proximity to the ponds and the wider pond network. I therefore have no comments to make at this time.

Kind regards,

Jennie Shea
District Licensing Officer (Great Crested Newts) - West Sussex
