Discharge of Conditions

Please provide a full description and/or list of the materials/details that are being submitted for approval

We are submitting the following documents to discharge the planning condition related to a risk assessment for the development at Lot 1 and Lot 2, Delspride, Kent Street, Cowfold:

Desk Study Report from Geo-Environmental Services Limited:

This report provides a comprehensive geotechnical and geo-environmental assessment of the site. It includes a thorough analysis of potential contamination risks, ground conditions, and environmental factors. The report concludes that the site is suitable for the proposed development, particularly as we are building on the existing foundation without disturbing the ground, thereby minimizing potential risks.

Structural Engineer's Letter:

This letter, prepared by our structural engineer, addresses the recommendations provided by Geo-Environmental Services. It confirms that the existing foundation is suitable for the proposed development and outlines any necessary remediation measures that have been advised. The letter ensures that the structural integrity of the development will be maintained in accordance with the findings of the Desk Study Report.

Foundation Architectural Details from OArchitecture:

These detailed architectural drawings and plans illustrate the foundation design, incorporating the advice and recommendations from the Geo-Environmental report. The details demonstrate how the development will proceed on the existing foundation, ensuring compliance with all safety and structural guidelines. The plans highlight any specific measures taken to address potential risks identified in the Desk Study Report.

Site Visit

Can the site be seen from a public road, public footpath, bridleway or other public land?
