Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Highway Access and Parking
Comments:	Barrington Road is already severely limited in parking spaces for residents particularly at the Depot Road end. Limited parking spaces in Depot road and Station road means that some of these residents also park in Barrington Road. Rarely are parking space available after 6.00 pm. The plan includes the loss of one parking space as well as creating three new dwellings. Even assuming that each dwelling only has one car that would require 4 new parking spaces to make up for this, yet none are included in the planning. Quite simply there is not enough space in the road to accommodate such an increase. There is also no provision in the plan for electric car charging.

Kind regards
