Subject: DC/25/1120 Pucks croft, Rusper

[REDACTED]

I would like to object to this application on the following grounds

1. I do not believe it is in accordance with the current development framework for this area
2. Previous applications for development on this site have been rejected, the basis of these rejects have not been fundamentally changed by this application.
3. I believe there will be issues with highway safety as a new junction will need to be added to Rusper road and line of sight from this junction will be compromised.
4. Fundamental issues with water supply, electrical supply, foul drainage are not addressed or resolved with this application.
5. This is a green field site, see 1 above.

Regards
