Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	The size of the proposed dwelling with services hardly chimes with it being a temporary construction. There are several paddocks along the track and if they all did the same it would become serious development. This is the usual pattern of development through the back door (although it usually starts with an old caravan) and would impact on the rural environment.

Kind regards
