Stance:	Customer objects to the Planning Application
Reasons for comment:	- Other - Overdevelopment
Comments:	The location of a care home should consider the needs of the residents to access local amenities such as shop, doctor, etc. In my opinion this is not a suitable site for these needs. In addition Southwater has seen significant development over the last 2 to 3 years putting pressure on all local services - new development must now come with further support to create and support these type of services, particularly for an older community.

Kind regards
