Stance:	Customer objects to the Planning Application
Reasons for comment:	- Other
Comments:	I would just like to object to the felling of this tree. I'm sure that my comment will make no difference as the Parish Council is the applicant.I would just like to state that since I moved into my property in Station Road 27 years ago all the Horse Chestnut Trees along Church Path have now been felled. I have seen no limbs falling from the tree which is now to be felled but obviously I have to defer to the arboriculturist expert. I don't like to see any tree felled and this one in particular looks beautiful in the Spring and produces numerous conkers in the Autumn. I am also concerned that the only property mentioned on the application is 3 Station Road. Surely there are other properties that the felling of this tree affects including my own and certainly some in Carpenters and obviously the local community. Possibly this may be because 3 Station Road has a planning application going through at the moment. Regards
