| Commenter Type: | Neighbour |
| Stance: | Customer made comments in support of the Planning Application |
| Reasons for comment: | - Other |
| Comments: | These x 3 Velux face the sky so have zero issues with these, they do not look over anyones property and are only for bringing light into the living room and kitchen.<br><br>It's a bungalow so only one level with these light shafts which are needed, not sure why its a planning permission decision as non structural and do not overlook any neighbour. |

Kind regards
