Customer Details

Address:	9 Tottington Drive Saelig Small Dole

Comments Details

Commenter Type:	Consultee
Stance:	Customer made comments in support of the Planning Application
Reasons for comment:	- Trees and Landscaping
Comments:	I am very much in favour of this development, at many levels. Much of the structural timber will come from the local woodland. The area being cut is currently overshadowing coppiced hazel and the wood is deteriorating, causing loss of habitat. By sensitively extracting the timber and processing it locally, it will be possible to create a Greenwood structure. The pavilion will replace an existing dilapidated building, and provide an easily accessible space for local groups, businesses

and also provide toilet facilities near the skateboard ramp and for volunteers working in Tottington Wood LNR.

Kind regards
