Reasons for comment:	- Design
Comments:	Anything that can improve the already wonderful Leonardslee Gardens experience must be an asset. We have visited 7 times already with our annual pass and intend to visit again multiple times. The proposals sound like great upgrades and enhancements. I do not believe this should negatively impact any properties or households in the general area. Plus it will probably bring more money to the area with the improved facilities and will likely mean more employment.

Kind regards
