| Comments: | As this application has been refused twice already, it is beholden to me as a person who will be badly affected should this unnecessary house be squeezed into a tiny plot. The plans for the property are not correct and you need to come and view it from this side of the road how it will affect the access to my property and indeed how can there be three houses in a row that do not have a parking garage? It is bad enough now when visitors come to no.26 and 26A. How can no.26 part of a semi detached, rip out |

all the hedges in the front and turn it into a drive through affecting this new property and their attached neighbour at 24. The boundaries have not been drawn correctly.As for the Bike sheds and garden waste!!

Kind regards
