Comments:	The "location plan" is incorrect and misleading, the red line should be around "Stable House" and the small area of domestic land around it excluding the communal driveway to the property and excluding the "stable and hay/garden machinery store" as the domestic curtilage was not extended beyond this. The blue line should be around the field the. To be clear the "stable and hay/garden machinery store" is outside of the domestic curtilage and is not grouped with the house, this will now be a massive building.

Please confirm its use will not be a garage or accommodation or any other domestic use and will be used as agricultural only.

Kind regards
