HORSHAM DISTRICT COUNCIL CONSULTATION

TO:	Horsham District Council – Planning Dept
LOCATION:	Furlong Shaw Bines Green Partridge Green Horsham
DESCRIPTION:	Retrospective application for the erection of a shepherds hut and kitchen/bathroom for holiday accommodation
REFERENCE:	DC/24/0710
RECOMMENDATION:	No Objection
SUMMARY OF COMMENTS & RECOMMENDATION: Condition recommended that rainwater, if harvested, is not used for human consumption.	
MAIN COMMENTS: No objection. Depending on the planning argument re the existing use and whether water neutrality needs to be achieved, we would just recommend that if rainwater is to be harvested, then a condition should be utilised to ensure that the rainwater is not used for human consumption or domestic use.	
ANY RECOMMENDED CONDITIONS: If rainwater is to be harvested, any water thus collected must not be used for human consumption or for any domestic uses.
