Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Overdevelopment
Comments:	<p>This is a ridiculous plan that will leave the house totally overlooked on 3 sides.</p> <p>There is no access for the emergency services which is a huge risk in the case of fire that could spread to neighbouring properties. Danger to life if an ambulance is needed but cannot access the property. How do they receive deliveries? How do workmen access the property in future years if the bathroom or kitchen or the like need replacing?</p> <p>This seems like a really poorly thought through plan that smacks</p>

of money grabbing desperation without consideration to the impact.
