Comments Details

Commenter Type:	Member of the Public
Stance:	Customer made comments neither objecting to or supporting the Planning Application
Reasons for comment:	- Privacy Light and Noise
Comments:	May we see the plans as if there is a window in the front of the building it will look directly into our house and garden taking away our privacy. If this is the case then my stance will change from currently neutral to object as I don't want to be overlooked so blatantly and have my privacy compromised.

Kind regards
