Reasons for comment:	<ul style="list-style-type: none">- Highway Access and Parking- Loss of General Amenity- Overdevelopment
Comments:	<p>The infrastructure of Henfield is already insufficient to cope with additional housing etc approved in recent years, particularly in regard to health services and school provision.</p> <p>This is demonstrated by the pressure on parking spaces in the village centre, which are often fully taken up, especially when there are events in the Village Hall. A further development, at a</p>

distance prohibitive of pedestrian access to the village, will only accentuate this problem.

Road access via West End Lane is narrow, and with frequent pinch points, not only in Church St from the main road, but also further along by the Downslink carpark and beyond.

Rural amenity will be lost. The Neighbourhood Plan does not support development as proposed, and opposes such creeping urbanisation of the village.

Kind regards
