Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Highway Access and Parking - Overdevelopment
Comments:	Not again! How many times do residents have to argue against constant changes to use of land, in contravention of all previous agreements made in Local or Neighbourhood Plans. I understand that there is already stress on the sewage infrastructure of the West End Lane housing developments; and that the building of more and more residences off West End Lane is causing extreme concern over the increasing number of cars,

driven at speed, along Upper Station Road- and nothing is being
done to stop that!
Please reject this application.

Kind regards
