DC/25/1120

**Outline application for the erection of 4no. dwellings, extension to existing cottage, alterations to access and provision of landscaping.

Many thanks for re-consulting us on the above application.

We provided a 'no objection with conditions' response on 19th August 2025 and no additional ecology information has been submitted, other than for water neutrality. As we don't comment on this, I don't believe you need a further response from us.

However, please let us know if you are expecting a re-consultation response or we can help further.
