I would like to draw attention to and express my disappointment in seeing undue and unjust personal influence with regards to the comments submitted in support of the above application.

ALL the supporting representations appear to be from associates of the applicants who do not reside within the Mutton's Lane area and therefore have no direct interest in the outcome of the application. They only serve to falsely misrepresent the true feelings of genuine residents of the area.

I respectfully request that appropriate weight be given to those who live within the immediate vicinity and the relevance and origins of those supporting the application be carefully considered.

Kind regards
