**Reasons for comment:** - Design

**Comments:** I live in Oaklands, and based on how this park is run and looked after by the owners, I would recommend Hilltop Country Park change to permanent residential occupation, as I know from this park, we have very mature, sensible clientele who are the dream customers who value quality and respect each other's boundaries for a nice, peaceful way of life. Also, we have friends who visit us, and they always say they would love to live here. So, I would have no objection to this being residential.
