

Biodiversity gain plan

Submit a biodiversity gain plan to show how your development will achieve biodiversity net gain.

When to use this form

A biodiversity gain plan shows how a development will achieve 10% biodiversity net gain (BNG). Submit this form to your local planning authority after they approve your planning application.

Unless your development is exempt, you cannot start the development until the LPA approves your biodiversity gain plan and biodiversity metric calculation tool.

1. Submission details

1.1 Date

For example, 3/11/2023

1.2 Planning application reference number

1.3 Local planning authority (LPA)

1.4 Development site address

If the site does not have an address, enter the OS grid reference.

1.5 Describe the development

Tell us about the proposed development and any changes of use (250 words).

2. Developer details

2.1 Applicant name

2.2 Company name

Tri-Star Fire Limited

2.3 Address

Unit 2, Crays court, Crays Lane, Pulborough, West
Sussex RH20 2GU

2.4 Email address

[REDACTED]

2.5 Telephone number

[REDACTED]

2.6 Declaration

By signing this declaration, you confirm that the information you give is complete and correct. Any opinions are your genuine opinions.

2.7 Signature

[REDACTED]

2.8 Date

24th January 2026

3. Responsible person details

Tell us about who is responsible for completing the biodiversity gain plan. For example, a consultancy ecologist or planning agent.

3.1 Name

[REDACTED]

3.2 Company name

Arun Ecology Ltd

3.3 Address

Russets, Hayes Lane, Slinfold, West Sussex, RH14 9ZT

3.4 Email address

[REDACTED]

3.5 Telephone number

Not available

3.6 Declaration

By signing this declaration, you confirm that the information you give is complete and correct. Any opinions are your genuine opinions.

3.7 Signature

[Redacted signature]

3.8 Date

23/01/2026

4. Biodiversity net gain strategy

4.1 Is the relevant date for the pre-development biodiversity value the same date as the planning application?

- Yes?
 No

4.2 If no, what earlier date did you agree with the LPA?

N/A

4.3 How have you met the guidance on 'what counts towards your BNG'?

[Find out what you can count towards a development's BNG](#)

The guidance on what counts towards BNG has been met for this scheme. The scheme will use on-site habitat retention and on-site habitat creation to achieve the mandatory minimum 10% biodiversity net gain requirement for Horsham District Council.

The BNG will not be delivered through any other schemes.

4.4 How will you avoid or minimise impacts to habitats?

Tell us about the steps you've taken on site, including to avoid or minimise the impact on irreplaceable habitats.

No irreplaceable habitats were recorded within the development boundary or will be adversely impacted as part of the development.

The BNG hierarchy principles of avoiding habitat loss, enhancing baseline habitat or compensating through the creation of new on-site habitat has been applied to the design of the development.

4.5 Did you use your local nature recovery strategy to inform the strategic significance of habitats?

This includes other specified strategies if you do not have a local nature recovery strategy.

- Yes
 No

4.6 How will you achieve the target net gain percentage?

- On-site
- Off-site
- Both

4.7 Are any of your on-site enhancements considered 'significant'?

[Find out what counts as a significant on-site enhancement.](#)

- Yes
- No

4.8 If yes, tell us about the significant on-site enhancements

Include the appropriate planning condition or how you've secured the habitat.

The on-site enhancements include the creation of mixed scrub habitat and the planting of one individual rural tree. Both mixed scrub and individual trees are medium distinctiveness habitats. However, no habitats of High or Very High Distinctiveness are proposed to be created or enhanced. The resulting on-site net gain equates to +0.05 habitat units. In accordance with HDC's guidance, these gains are not considered 'significant' and fall below the 0.5-unit threshold for securing biodiversity net gain through a Section 106 agreement. On this basis, it is considered that the proposed on-site habitat creation may be suitable for being secured via a planning condition, rather than a Section 106 agreement, subject to HDC's agreement

4.9 How many off-site biodiversity units do you need to meet 10% net gain?

N/A

4.10 Explain why you're using off-site biodiversity units

Only answer this question if you're planning to use off-site biodiversity units (250 words).

N/A

4.11 Explain why you're planning to use statutory biodiversity credits

Only answer this question if you're planning to use statutory biodiversity credits (250 words).

N/A

4.12 Do you have a habitat management and monitoring plan?

- Yes
- No

4.13 Have you used the statutory biodiversity metric tool?

- Yes
- No

4.14 Biodiversity metric calculation

Send your biodiversity metric calculation to the LPA and enter the file name.

C-NFA-001_BNG_Metric

4.15 Condition assessments

Send your condition assessments to the LPA and enter the file name.

C-NFA-001_BNG_Condition Assessment

4.16 Pre-development habitat survey report and map

Send your baseline habitat survey report and map to the LPA. Enter the file name.

C-NFA-001_BNG_Baseline Habitat Plan

4.17 Post-development habitat map or landscape plan

Send your post-development habitat survey report and map to the LPA. Enter the file name.

C-NFA-001_Proposed Habitat Plan

C-NFA-001-001-001_BNG_HMMP

4.18 Have you included an approved habitat degradation in the baseline?

If yes, include the relevant consenting body and reference number.

Yes

No

Consenting body

N/A

Reference number

N/A

5. Irreplaceable habitats

5.1 Does the development impact any irreplaceable habitats?

If yes, tell us if you've submitted an approved compensation plan.

Yes

No

5.2 Have you submitted an approved compensation plan?

Yes

No

6. On-site habitat enhancements

Answer this section if your development includes on-site habitat enhancements.

6.1 Survey date

For example, 3/11/2023

11/11/2025

6.2 Survey constraints

For example, access issues, weather, or seasonal constraints.

No survey constraints were recorded.

6.3 Total pre-development biodiversity value

Enter the number from the headline results in your statutory biodiversity metric calculation.

Number of area habitat biodiversity units

0.34

Number of hedgerow biodiversity units

0.01

Number of watercourse biodiversity units

0.00

6.4 Total post-development biodiversity value

Enter the number from the headline results in your statutory biodiversity metric calculation.

Number of area habitat biodiversity units

0.39

Number of hedgerow biodiversity units

0.02

Number of watercourse biodiversity units

0.00

6.5 Total net change in biodiversity units

Enter the number from the headline results in your statutory biodiversity metric calculation.

Area habitat biodiversity units

0.05

Area habitat biodiversity units % change

14.40%

Hedgerow biodiversity units

0.00

Hedgerow biodiversity units % change

35.09%

Watercourse biodiversity units

0.00

Watercourse biodiversity units % change

0.00

6.6 Will you register and allocate any biodiversity units from your site to other developments?

If yes or provisionally, give details.

- Yes
- No

6.7 Give details

Tell us about the amount of biodiversity units and the development location (250 words).

N/A

7. Off-site habitat enhancements

Answer this section if your development includes off-site habitat enhancements.

7.1 Tell us about the off-site habitat enhancements

Include whether you're delivering the off-site enhancements or buying biodiversity units.

N/A

7.2 Biodiversity gain site register reference number

N/A

7.3 How have you secured the off-site habitat enhancements?

Tell us about any responsible bodies and whether you've used an S106 or conservation covenant.

N/A

7.4 Total baseline biodiversity value

Enter the number from the headline results in your statutory biodiversity metric calculation.

Number of area habitat biodiversity units

N/A

Number of hedgerow biodiversity units

N/A

Number of watercourse biodiversity units

N/A

7.5 Total biodiversity value post-intervention

Enter the number from the headline results in your statutory biodiversity metric calculation.

Number of area habitat biodiversity units

N/A

Number of hedgerow biodiversity units

N/A

Number of watercourse biodiversity units

N/A

7.6 Total net change in biodiversity units

Enter the number from the headline results in your statutory biodiversity metric calculation.

8. Statutory biodiversity credits

Answer this section if you need to use statutory biodiversity credits.

8.1 Do you need to use statutory biodiversity credits?

- Yes
 No

8.2 How many statutory biodiversity credits do you need?

Tell us the unit shortfall by tier, including the spatial risk multiplier. Enter the number from the headline results in your statutory biodiversity metric calculation.

N/A

W

N/A

8.3 What evidence is there that no units are available through the market?

Send a message from at least 3 habitat providers, or a search result from online registers.

N/A

8.4 Proof of purchase

Send proof of purchase and enter the reference number.

N/A

9. Trading summary

9.1 Distinctiveness group

Tell us if you met the BNG trading rules on habitat compensation for each distinctiveness group. If you did not meet the trading rules, tell us if you agreed bespoke habitat compensation.

Check the rules on habitat compensation in the [statutory biodiversity metric user guide](#).
