Comments:	<p>This application is very visible from my land. It is very visible from the local footpaths. Also the South Downs boundary It does not blend in with local countryside, it is more suited to a town or village site. Wilder Horsham District would not approve of removal of countryside hedge at a time when birds are nesting, this is illegal action should be taken, Local wildlife will have to relocate, apart from birds, yellowhammers animals foxes ██████ snakes etc all of which I have seen on my land and on the local footpaths. Where are they going to graze animals for all these stables What are the sewerage plans.</p>

They need to apply for planning for the gates which would suit a Russian oligarch in Surrey  
I object to this destruction to the countryside
