Dear Nadan,

We have lived at the above address for ~~60~~ 60+ years. The B3129 was a quiet country road - the children used to cycle down it & I pushed the pram down to the church. Now, you take your life in your hands if you walk down at rush hour. There is a continual stream of traffic much of which comes from Storrington, to avoid the roundabout to the A24. Come & try walking down the road from Town House Farm to the turn to the church - ^{at Rush Hour.} I hope you don't get hit.

In addition, Thakeham has taken more than its fair share of houses on the Abingworth site. We

have no schools, no doctor & only
1 little (excellent) village shop. Have
you considered the extra fuel
needed to live here compared to a
town, or indeed, a village with
a ~~bus~~ service a railway & other
local amenities - school, doctor
dentist etc.

Please consider very carefully
before you allow more houses in
Thakeham. We want a village life
~~not~~ a rat run of commuters.

Yours
