Stance: Customer made comments in support of the Planning Application

Reasons for comment: - Other

Comments: I'm currently looking for new developments for our future family home in a truly rural setting - as we are not keen to live in overly developed sprawling residential estates like Broadbridge Heath and the outskirts of Horsham.  
This proposal feels like a positive change of use of the site and Residential use suits this setting far better on a pretty country lane.  
It seems a sensible proposal with appealing houses that suit the countryside setting, plenty of parking and the use of an existing

entrance onto Saucelands Lane.  
As a future buyer looking for a next move, this kind of sympathetic  
rural development is exactly what we would be looking for.

---

Kind regards
