Stance: Customer objects to the Planning Application

Reasons for comment:

Comments: The traffic that comes though the village now is horrendous. Lorries, cars and bikes that travel up Pound Lane (which you will need to go up and down to get to these houses if built) is way to much and just adding more cars , Lorries to the problem isn't going to help .
The wild life Owls,deer and birds which I have seen in the shrubland are probably just a few animals that are there . I wouldn't like to think how many more animals are hiding in the

bushes and shrubland that you will have to cut down to build these houses.
The streams that run along side this land always burst and flood the ground . The Village doesn't need more houses there are more then enough adding more is just adding more problems to the problems we have already .

Kind regards
