Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	<ul style="list-style-type: none">- Highway Access and Parking- Loss of General Amenity- Other- Overdevelopment- Trees and Landscaping
Comments:	I strongly believe we need to get the infrastructure of the village put in place first and done correctly before approving planning application of this size, anywhere in the village. As it is, the road structure is very narrow and the congestion that will be caused on Rectory lane is not sustainable, as it is just not possible to widen the road. The LANE is liable to flooding.

There aren't enough shops, schooling, parking, policing presence, not to mention inadequate sewage and utilities network.

I strongly object to this development, as there are already new houses being built in the village on the mushroom farm and do not think the Village should be burdened with yet more building

Kind regards
