Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Other - Privacy Light and Noise - Trees and Landscaping

Comments:

We understand that unfortunately the zip-wire has been erected immediately behind a neighbours bedroom window and when the zip wire is in use it not only results in loss of privacy but is also very noisy.
From a planning legal perspective the zip wire has been erected on designated agricultural land and not within the garden of Rowan

Kind regards
