Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Overdevelopment
Comments:	Living in this area, there are strong concerns regarding school places currently. Children from the village, particularly this end are being sent out of catchment and not offered one of their three choices. There is not infrastructure in place to support the houses already in place, without further properties adding to the over burden on what services are already in place. Parking in Mulberry Fields is already difficult with cars often parked on the roads and

specifically corners. Further traffic through the development will add to this issue.

Kind regards
