As residents in Bines Road now for 6 years, we are concerned at the proposed development. Bines Road currently suffers from speeding motorists, in a 30 mph speed limit, often 40 mph to 60 mph, sometimes more. (I have previously been a volunteer with Police Speed Watch) With a new plan adding 101 properties, likely to add 100 to 150 vehicles entering Bines Road through one exit, close to the entry point from Star Trading Estate on the opposite side. things can only get worse. Our other concern is that the present traffic congestion in the High Street will only get worse.

Regards,
