Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	<ul style="list-style-type: none">- Highway Access and Parking- Overdevelopment
Comments:	Current road structure is inadequate for the works traffic, an alternative access could be used that runs parallel to the existing site Via the emergency services access road. Bearing in mind this access is to allow emergency services onto the estate of narrow road widths and limited parking per existing plot. why would anyone think heavy earth moving vehicles and brick/ material,

ground infrastructure vehicles can navigate through Centenary Rd... without incident and damage to existing infrastructure /property.
Think Again.

Kind regards
