Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	<ul style="list-style-type: none">- Design- Highway Access and Parking- Overdevelopment- Privacy Light and Noise
Comments:	Para 84 NPPF states 'Planning policies and decisions should avoid the development of isolated homes in the countryside unless some circumstances apply' None of the circumstances in

this case apply. The scale of this proposal does not warrant onsite accommodation which will impact the countryside. I am concerned for the safety of walkers along the access track and general impact of water use and waste on the site. The stream very close to the property supports a wide diversity of flora and fauna and I fear that increased activity on this site will have a negative impact on the habitat. I am also concerned that noise and light pollution will continue 24 hours. At present building works at the weekend can be heard throughout the Vale and travel to all the local neighbours especially at night.

Kind regards
