Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Highway Access and Parking - Other - Overdevelopment - Trees and Landscaping
Comments:	This site was not identified in the Neighbourhood Plan for development and the local Parish Council objects to it. Southern Water have said there is no capacity for additional waste in the local sewage network and it is clear they can't meet existing demands for water supply given current drought orders and the lack of water in local reservoirs. The Sussex Police have confirmed they don't have sufficient

resources to cope with additional developments.
The road where this site is situated is a minor road unable to cope with the current traffic flows and further development will make this worse.
Where are the additional schools and medical facilities to support further development?

Kind regards
