Reasons for comment:	<ul style="list-style-type: none">- Design- Highway Access and Parking- Trees and Landscaping
Comments:	I support the application. The proposed dwellings are very much in keeping, in style and size, with local residential properties and are sympathetic to the attractive rural environment of the site. The proposed development is approached by an established access and has ample parking, well away from Saucelands Lane. Attractive mature trees have been conserved in the plan.

Kind regards
