Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	<ul style="list-style-type: none">- Highway Access and Parking- Loss of General Amenity- Overdevelopment- Trees and Landscaping
Comments:	The consultation leaflet for this site that was sent to all householders nearby, offered two options for us to respond to. One was a small development of larger houses approx 13 or so & the other was larger comprising about 60 I think. We responded showing that of the two we preferred the smaller as it would mean

fewer cars exiting onto the A281 & would not over develop the existing farmland which provides open grazing fields together with natural tree growth & landscaping. This application for 90 houses is much larger than those two proposals, will completely change Bucks Green & make a very busy road dangerous. The flood risk report says it is a low risk flood site yet there is flooding there at the moment which keeps freezing so hardly low risk. This application is very much over development for a village that does not have the capacity for another 90 families.

Kind regards
