Stance:	Customer objects to the Planning Application
Reasons for comment:	<ul style="list-style-type: none">- Design- Highway Access and Parking- Other- Overdevelopment
Comments:	<p>Dear Sir,</p> <p>Stallhouse Lane is a very rural location with very few amenities and is an entirely inappropriate place to position mobile homes.</p>

It is for this reason that this site has been refused three times and most recently on appeal.

Planning permission for the siting of mobile homes on this site has been refused on appeal and therefore the caravans that have been parked there illegally should be removed and that should be the end of the matter.

This application should be declined and dismissed immediately. Any other action simply encourages future abuse of the system and is a waste of council resources as well as representing an unforgivable waste of tax-payers money.

Kind regards
