As a resident in the same lane i wish to object to application DC/25/1700. The Slips Henfield.

- 1) The site is agricultural and no permission has been granted for change of use despite it being used incorrectly as a camp site for the last two years
- 2) Henfield already has 10% of the district's required pitches and as the proposal is for traveler's they should travel and not be amassed in one area.
Sites should be proportioned across the District.
- 3) The site is not included in the local Neighbourhood Plan
- 4) There is no accessible public transport, no footpath and very poor road lighting on a narrow country lane which is very dangerous for pedestrians
- 5) it would cause demonstrable harm to the area and its residents
- 6) Local facilities, doctors, schools and others are already overstretched
