Reasons for comment:	- Highway Access and Parking - Loss of General Amenity
Comments:	This is a field in a very pleasant rural area. The road is single track and on my frequent walks along it I have to stand in the side to let traffic pass. It is unsuitable for increased traffic. The field is very wet most of the year and would only support this development if completely covered in concrete or similar paving which would alter the look of the area considerably. The site is not in the local neighbourhood plan that I voted for back in 2021.

Kind regards
