Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Highway Access and Parking - Other
Comments:	I am concerned about the access here. This is a single track road which already has a significant amount of traffic using it considering its size and width. I am regularly having challenges using it. Additional vehicles especially towed vehicles will be unable to reverse or give way easily or enter opportunities to give way due to the length of vehicle. I struggle to see how this road can cope with further demand.

I do also note the other sites available locally including recently making a field a home to temporary homes of stone pit lane.

I support sites for people travelling but this location is not appropriate in my view and therefore object to this application.

Kind regards
