Comments:	<p>We object to the application ref DC26/0010 for 6 static Caravans for residential purposes on this site for the following reasons:</p> <p>a )There would be extra traffic to and from the site, possibly up to twelve or more cars/vans etc.</p>

b) There are no pavements for school children or pedestrians and no speed limit on Gay street Lane.

c) Access from and to the site has to be via a dangerous blind bend under the bridge. this is a busy lane as vehicles often use this lane as a short cut through to other villages .

d )Gay Street Lane leads onto the very busy A29 which has a history of accidents at this junction.

d) There could be as many as 36 plus people needing water, electricity, septic tanks. also Doctors and Schooling which are already over subscribed.
