Reasons for comment:	
Comments:	I support this application I think it will be good for the local area and the pub is a great part of our community it will be great to see it reopened as a pub as it's grade 2 listed building which has been closed for the last couple of years I think traffic will be decreased with it previously being a touring caravan park traffic and caravans was moving on and off daily I think it was be reduced by making it a permanent residential park and I think it will be good to have affordable housing in the area while still keeping the natural landscapes.

Kind regards
