Stance: Customer made comments in support of the Planning Application

Reasons for comment: - Other

Comments: I have been greatly impressed by the way the whole project at Leonardslee has been managed by the current owners. They have made it a valuable facility for local people while keeping and enhancing the legacy which is the gardens. These proposals will add amenity to the grounds without taking away from the naturalistic setting. The level of investment that must have been necessary to reopen Leonardslee and will continue to be required to maintain it requires it to provide an income and these proposals seem a very appropriate way to ensure it remains viable long term.

Kind regards
