MAIN COMMENTS:

The applicant has submitted a planning application for a residential development comprising 92 dwellings, of which 36% (33 units) are proposed as affordable housing, consistent with policy requirements.

According to the current Housing Register for Broadbridge Heath, 358 households are waiting for suitable accommodation. The breakdown of need is as follows:

- 101 households (28%) require a 1-bedroom home
- 69 households (19%) require a 2-bedroom home
- 147 households (41%) require a 3-bedroom home
- 41 households (12%) require a 4-bedroom or larger home

Households requiring 3- and 4-bedroom homes are, on average, waiting three times longer than those seeking smaller units. This demonstrates the considerable pressure on larger family-sized affordable homes within the parish.

The applicant has submitted the following indicative affordable housing mix:
