Address: 1 Stall House Cottage Stall House Lane North Heath- Pulborough

Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	<ul style="list-style-type: none">- Design- Other- Overdevelopment
Comments:	I'm objecting to hopefully slow the process down.. whilst I appreciate the people wanting to live there, for whatever reason. It's just looks awful. And it seems that more travellers are wanting to come up this lane without thinking about the aesthetic & social impact it has on the rest of the properties currently. If they can

afford to buy the land, why can they not afford to build a bricks & mortar building??

Kind regards
