**Subject:** Objection to PARSONSFIELD

I detail below my comments. Please can you add to this to the portal. Thanks

DC/25/1371

I object.

I live in Whitehall Cottage a grade 11 listed building. My land is opposite Parsonsfield Stables. My stables are within feet of the original mobile home.

The change of this field to a concrete development affects the character of Pickhurst Lane, and the local footpaths. It is unsightly, the new large access point is on a dangerous bend and has already caused incidents to local drivers.

The increased amount of vehicles from the site together with PSF East makes our single track lane busy, my access has on many occasions been blocked.

It is a noisy site. I am suffering from lack of privacy, noise, smells excessive lighting which I nor my neighbours are allowed. My pleasure of sitting in my garden has been impaired.
