Stance: Customer made comments in support of the Planning Application

Reasons for comment:

Comments: I write in support of the application No.DC/25/0403..

Mr Goossens of Lake Investment Ltd has discussed his proposals with us in detail during several meetings and has held three separate public planning presentations. It appears to us that wherever possible local concerns have been taken into consideration.

We consider the proposals will be a significant improvement over that of the current use given the removal of AD Plant, conversion of the existing buildings, resulting in an increase of local jobs, an increase in local housing and general overall improved visual appearance
