Stance: Customer objects to the Planning Application

Reasons for comment: - Highway Access and Parking
- Loss of General Amenity
- Other
- Trees and Landscaping

Comments: Highway Access
This site is accessed on a dangerous part of the A281 so it will be very hazardous to have regular access there, with the severe bends on the road and blind corners.

Other/loss of amenity

Also the area is being used as a rubbish dump. This is visible from the road and very unsightly and poses a hazard to health and wildlife.

Is there a licence for this to be a rubbish dump?

If caravans are there, then the rubbish will increase.

There are legal places to dump rubbish, so these should be being used instead.

There is a lot of pressure on the countryside and it is being destroyed here with rubbish piling up on it.

Trees and Landscaping

This is ruining landscape in this area and the poisons in the rubbish will be bad for the trees, plants and wildlife in the area.

This needs to be sorted out and rubbish removed, instead of having the opportunity for more rubbish to be dumped here.

There is a large risk of destruction of the wildlife habitat and trees in this location.

Kind regards
